

Sample

R Markdown

```
x <- 10
y <- 2

test_vector <- c(2,5,6)

test_vector[x == test_vector]

## numeric(0)
test_vector[y == test_vector]

## [1] 2
test_vector[]

## [1] 2 5 6
```

Including Plots

You can also embed plots, for example:

Note that the `echo = FALSE` parameter was added to the code chunk to prevent printing of the R code that generated the plot.
